

2018 CAET 37th National Conference Educational Program

# Turn Knowledge into Action

EDUCATION IN SPECIALIZED WOUND, OSTOMY & CONTINENCE CARE

MAY 3-6, 2018 - VICTORIA CONFERENCE CENTRE - VICTORIA, B.C.

# CAET 2018 Conference Objectives:

At the end of the conference, participants will be able to:

**Engage** new networks to share best practices in wound, ostomy and continence care and learn from hospital to community-based initiatives;

**Apply** an enhanced understanding of culturally competent care and the role of traditional health and healing practices in Indigenous communities;

**Strengthen** research interpretation, development and interpretation;

**Demonstrate** the links between ET Nurses and other healthcare professionals to identify strategies for integrated responses;

**Discuss** the implementation of International Best Practice Guidelines for incontinent associated dermatitis;

**Develop** an increased awareness of unique needs in the Canadian healthcare system such as the appreciation of diversity and needs of transgendered people; and

**Apply** new knowledge and skills in compression, conservative sharp wound debridement and advanced negative pressure wound therapy through hands on workshops.
